**Who should be involved
in key decisions for
the world?**

In the news this week

New data has shown that 2024 was the Earth's hottest year on record, warming by 1.5°C. Around 200 countries had agreed to help keep the temperature rise below this figure because scientists say that increases could cause more extreme weather. This includes events such as heatwaves, storms, and wildfires.

Things to talk about at home ...

- Share what you know about climate change with others at home, and ask others to share their understanding.
- Do you think more could and should be done to tackle climate change? If so, what and by whom?
